## **THRIPRAYAR SUPER SPECIALTY HOSPITAL LTD.**

Spread over nearly 3 acre land alongside the majestic Canoly canal, very near to NH 17, NES College Triprayar, Govt. Hospital and KSEB Sub station, the proposed Thriprayar Super Specialty Hospital Ltd. will be, when completed, one of the most modern hospitals in Kerala state.

Initiated by a group of like-minded social workers/professionals, Thriprayar Super Specialty Hospital Ltd. will prove to be one of the best investments where you can park your well earned money for very high returns. You can also be contented with the fact that your investments will be contributed towards achieving a long cherished goal of access to quality medical care to common man.

Our team of professional doctors, nursing staff, office staff and the infrastructure we provide will be of the highest quality and will be of international standards. The medical technology that will be incorporated shall match with the latest in technological development.

The proposed specialties include general medicine, pediatrics, cardiology, gynaecology and obstetrics, general surgery, orthopedic, neurology, oncology, pulmonology, ENT, dermatology, ophthalmology, emergency accident unit and many more.

The hospital is proposed to have 250 beds, with state-of-the-art medical laboratory, equipments such as CAT scanners, cathlab, nuclear medicine, MRI scanners, ambulance services and will prove to be one of the best in Kerala state.

The following are the highlights of our major departments:

### **GENERAL MEDICINE**

General internal medicine focuses on the management of patients who develop urgent or life-threatening medical problems. It covers a full range of adult medical illness, with responsibility mainly for acute emergencies and ongoing care. Thriprayar Super Specialty Hospital Ltd. will be the most sought after hospital in the area for general medicine treatments.

### **PEDIATRICS**

Children and child related ailments are given the most importance in Thriprayar Super Specialty Hospital Ltd. With this as our motto, the hospital proposes to engage the best minds in the department. Also, special equipment and state-of-the-art technology will be part of the department.

### **CARDIOTHORACIC & CARDIOLOGY**

Cardiac and heart related ailments requires expert and professional consultation. Thriprayar Super Specialty Hospital Ltd. proposes to engage the best names in the cardiac division. The hospital will also be equipped with the latest machines, operation theaters with well-equipped CCU and cath lab for imparting the best treatment for cardiac patients.

### **MODERN TRAUMA CARE CENTRE**

Equipped with most sophisticated equipments and skilled staff to meet the calamities.

## **GYNAECOLOGY**

The obstetricians / gynaecologists at Thriprayar Super Specialty Hospital Ltd. will offer comprehensive health care across the female lifespan. Our clinic features state-of-the-art diagnostic facilities, and our staff offers expertise in general gynaecologic health care, preconception counseling, as well as normal and high risk obstetrics.

We also offer advanced techniques in diagnosing and treating various gynaecologic conditions. Thriprayar Super Specialty Hospital Ltd. also will use advanced techniques including laparoscopic surgery and gynaecologic and obstetric ultrasonography.

## **GENERAL SURGERY**

For dealing with acute emergencies, we need a quality department. Hence we are providing with a modern well equipped surgical operation theatre headed by well experienced and qualified doctors as well as trained paramedical staff. Our department will be one of the most modern units fully equipped to serve this purpose.

## **ORTHOPAEDICS**

All bone related ailments will be dealt with in the most professional and effective way at Thriprayar Super Specialty Hospital Ltd. Our expert doctors and equipment will offer the best in the department.

## **NEUROLOGY**

Neurosurgery (or neurological surgery) is the medical specialty concerned with the prevention, diagnosis, treatment and rehabilitation of disorders which affect any portion of the nervous system including the brain, spinal cord, peripheral nerves and extra-cranial cerebro vascular system. Thriprayar Super Specialty Hospital Ltd. will be equipped with the most brilliant minds in the field and state-of-the-art technology to assist them with proper diagnosis and cure.

## **ONCOLOGY**

Services offered in medical oncology:

- Early detection and diagnosis of cancer patients.
- In-house facility for chemotherapy and management of side effects of chemotherapy patients.
- Earliest screening facility for breast cancer.
- Diagnosis and treatment of female cancer.

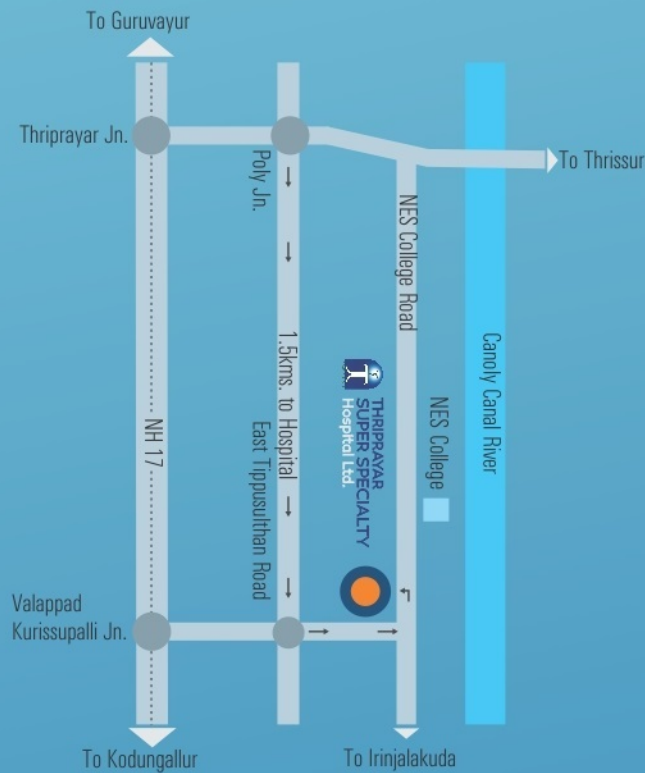

## FACILITIES TO SHAREHOLDERS

All the investors are protected under comprehensive medical insurance policy sponsored by Thriprayar Super Specialty Hospital Ltd. Talks are underway with a national insurance company to fix the modalities of the insurance coverage. Yet another highlight is that all the investors are given a percentage discount on surgery bill, room rent etc; apart from the free ambulance service.

## PROGRESS ACHIEVED TO DATE TOWARDS PROJECT COMPLETION

Registration of nearly 3 acre land earmarked for the first phase of the project has been completed. This achievement is two months earlier than originally programmed. M/s Sukumar Associates, Kochi have been appointed as Chief Engineering Consultant to the 75 crore project. Total time required for completion of the Basement+ Ground floor+ 7 floors, 2.58 lakh sq. ft. area main hospital building, hard and soft land scaping including ancillary building is 30months from the date of commencement of piling works. In the meantime, soil test has completed. Simultaneously, we have started work on submission to various Government/Safety authorities for obtaining NOC.

Our team of entrepreneurs includes eminent doctors, prominent NRIs, dedicated social workers and brilliant CEOs. We will endeavour to see the proposed hospital a reality in accordance with the scheduled programme and dedicate to the service of the society.
